from LP: Westminster WST 17035 (Stereo), rec. in Mozart Hall, Vienna, 7 December 1961

"LP pure" means you hear the music as if you're listening to the original LP under the best possible conditions. We have transferred the analog source (RIAA) into the digital domain (24 bit) using HighEnd equipment and without further manipulations (apart from a slight declipping). As a result, the digital data medium fully retains the warm, atmospheric analog sound of the original source.
